 - I. A completed entry form
 - II. Full payment
 - III. At least one, and up to three images or concept drawings of the work/proposed work. All images should be of high quality and identified with the artist's name and title of the work and should correspond to the information supplied in the application form.
 - IV. Complete technical specifications for the work, including the dimensions and weight of the work and the method of securing and stabilising the work.
- c. Artists must be available for a site visit.

2. NON-REFUNDABLE ENTRY FEE

A non-refundable administrative fee of \$35 per artwork (GST inclusive) must be paid on line by PayPal or credit card for your application to be accepted. The entry fee is for each *artwork* submitted.

3. EXHIBITION SPECIFICATIONS

- a) The Artist warrants that the Artwork is the Artist's original work and does not to the best of the Artist's knowledge infringe the copyright or moral rights of any third party.
- b) Artworks need not be new but they must not have been exhibited in the Shire of Mundaring previously.

- c) Artists are encouraged to view and consider the site in the development or selection of works for submission.
- d) Recommended size of artwork is a maximum of 3m x 3m x 3m. Please contact the Coordinator if you wish to discuss exhibiting a larger work.
- e) The artworks should take into consideration the safety of the audience including children who may attempt to play on the works; the effect of possible weather on the artwork; the stability of the piece; and ease of installation and removal for the artist and the volunteer crew. Any engineering costs are to be borne by the artist.
- f) All artists are encouraged to consider and be responsible for lighting their work at night to cater for plentiful foot traffic overnight. All lighting must be solar or battery operated, mains power is not available and generators are not permitted.
- g) No sculpture can include loud or amplified sound, nor fire. External polystyrene is not permitted.
- h) Shortly after successful applications are identified, a site visit will be arranged with the Curator and the Coordinator. Engineering issues will be discussed and Engineering approval may be required by the Shire, particularly for large or suspended works.
- i) Any significant changes to the artwork after selection must be reported to the Curator or Coordinator immediately.
- j) Artists can submit more than one artwork but the curatorial team has complete discretion over which works are selected for exhibition and entry does not guarantee a space in the exhibition.
- k) All exhibited works must remain on show for the duration of the exhibition.
- l) All artworks must be for sale.

4. SITE CONSIDERATIONS

Works will be exhibited in the Darlington Station Reserve. Please see the site map provided. There will be some ambient lighting and plenty of foot traffic through the site at night.

- a) There is a limitation on the size and weight of the sculptures due to equipment available to assist and the capacity of the surrounding bush. The ground is firm and dry.
- b) The bushland is not pristine but the surface needs to remain relatively intact and there should be no interference with tree roots. Plinths will not be provided.
- c) It is possible that water could be provided to some sites. Please discuss this possibility with the Coordinator at sculptureex@darlingtonartsfestival.com before entering your work.
- d) There is no fixed electricity to the site, lighting of the work is the artist's responsibility and generators are not permitted.
- e) The Artist must agree that the installation should not affect the environment in a lasting manner. Trees must remain intact, rocks cannot be cut or drilled.
- f) By submitting this application the artist(s) accepts that the site crew may need to remove or shift the artwork due to (but not limited by), considerations of safety, damage to the sculpture or potential damage.

5. SALES

A commission of 25% (and 10% GST if applicable) will be deducted from the sale price by Darlington Arts Festival.

The artist is responsible for ensuring that the artwork is ready to be delivered to any purchaser. Any repair is the responsibility of the artist. Artists will be contacted by an exhibition representative if their artwork has sold during the course of the festival weekend. All unsold artwork must be collected by the artist. Payment from any sale will be forwarded to the artist in the month after the Festival.

Selection of artworks and allocation of sites will be at the discretion of the curator. The curator will make the final decision on which works are to be exhibited and shall reserve the right to reject any entry.

14. COVID-19

The DAF committee will make every effort to put on the festival in full. However, it may become necessary to reduce the scope of the event or restrict the numbers of visitors both indoors and outdoors.

If a lockdown necessitates stopping the festival for the scheduled time the committee may reschedule to a different date, or if that is not possible the event may be cancelled.

In the event of a full lockdown and cancellation of the event prior to delivery of artwork a full refund of entry fees will be given.

Once artwork is received, the festival will endeavour to display and promote the artwork online and look at alternative ways to sell works within mandated restrictions, such as via inviting previous buyers to view privately, or allowing in visitors in restricted numbers.
